

# AMADEO F. GENIO IV

## Skills

---

- SQL(MySQL)
- Python (Pandas, BeautifulSoup, Selenium)
- Tableau
- Excel (VLookup, Conditional Formatting, Pivot Tables)
- Microsoft Power BI

## Projects

---

### **SUPERSTORE DATA CLEANING & EDA** – Personal Project August 2025

- Cleaned and structured sales data in **MySQL**, handled inconsistencies, and added derived columns (Unit Price, Unit Cost) for analysis.
- Conducted EDA: analyzed sales/profit by category, subcategory, and region; identified negative-profit products; performed scenario analysis for discount reduction and price increase.

### **EDUCATION IN DANGER: REPORT DASHBOARD** – Personal Project July 2025

- Designed an interactive **Power BI** dashboard analyzing global threats to education (2020-2025)
- Visualized trends over time, geographical patterns, and key risk factors affecting students, educators, and educational facilities

### **AIR BNB LISTINGS DASHBOARD** – Personal Project May 2025

- **Tableau** dashboard visualizing Seattle listings by price, location, and bedrooms; provided actionable insights for pricing and investment.

### **BIKE SALES DASHBOARD** – Personal Project May 2025

- Cleaned and analyzed sales data in **Excel**, visualized customer demographics, sales trends, and product insights.

### **WEB SCRAPE: AUDIO BOOK WEBSITE** – Personal Project May 2025

- Developed **Python** script to extract authors, narrators, and ratings; structured data for analysis.

### **GLOBAL LAYOFFS** – Personal Project May 2025

- Cleaned and standardized company and industry data in **MySQL**; performed trend analysis by year, industry, and geography.

## Work Experience

---

### **DATA ENTRY/ WEB SCRAPER** – Wuxi Qianyao Stainless Steel Co., Ltd September 2024 – Present

- Extracted key company data via web scraping and ensured high-quality data entry.
- Identified and qualified leads to support business growth.

### **WIPER** – RB British Marine November 2023 – July 2024

### **WIPER** – K Line October 2021 – June 2022

- Maintained and troubleshoot vessel equipment; ensured operational efficiency.
- Applied problem-solving skills and adapted to dynamic, multinational work environments.

## Education

---

### **BACHELOR OF SCIENCE IN MARINE ENGINEERING** – Canaman, Camarines Sur, Philippines June 2021
